# *did you know?*

## Meet “Saam”!

In early renderings of SLS Las Vegas, the porte-cochere originally featured a woman's massive, red high heel shoe. However, artist Philippe Starck, a longtime collaborator of Sam Nazarian, CEO of SBE Entertainment, the company that co-owns SLS, was inspired to create a caricature of Nazarian, and a Las Vegas photo op was born.

## The Sayers Club

Here, it's all about the music. The Sayers Club, an iconic Hollywood venue now with a second location in SLS, showcases emerging and acclaimed artists alike. Created with sound and space in mind, its iconic stage, in addition to its Strip-facing outdoor patio, makes for a uniquely intimate and engaging experience.

## Battle Thursdays At The Sayers Club

2 DJs, One Drummer, All Business.

Witness as the next big DJs and drummers battle it out live on stage! Then, at the end of the night, it's up to you to decide which up-and-coming artist lives to spin another day.

## Sessions at The Sayers Club

Sessions features some of the hottest vocalists in the industry backed by an incredible house band. The catch: you never know who's going to take the stage! Previous performers include Prince, Slash, Florence and the Machine, Joseph Gordon-Levitt and more. Who will it be tonight?

## Builds & Peaks at The Sayers Club

Builds & Peaks features local artists from around the Vegas area. Support our local arts by coming out and seeing what Vegas has to offer; and hey, you never know, you might just find a new favorite band in the process!
